Seven and Eight-pointed stars

In my experience Spirit has two main colors- white and gold. It seems like the Soul is golden and the Monad (Oversoul) is brilliant white. Gold is manifest light and White is un-manifest light. In my meditative experiences, higher evolution in the spirit world (4th density and higher) wears white robes, while adorned with golden necklaces as a sign of having served on Earth in manifested incarnation. For example, in my mystical experiences I see myself in a white robe with a golden necklace with a seven pointed star that looks like this.

Seven-pointed star

The seven-pointed star can symbolize the different energies or forces of the Seven Rays, each corresponding to a particular aspect of spiritual consciousness. These rays are understood to be the foundation of the soul's journey toward enlightenment and are linked to different qualities, such as:

Ray 1 (Will or Power): Divine will, leadership, and strength.

Ray 2 (Love/Wisdom): Love, compassion, and spiritual wisdom.

Ray 3 (Active Intelligence): Mental clarity, intelligence, and adaptability.

Ray 4 (Harmony through Conflict): The reconciliation of opposites, beauty, and art.

Ray 5 (Concrete Knowledge/Science): Knowledge, analytical thinking, and scientific understanding.

Ray 6 (Devotion): Service, devotion, and sacrifice.

Ray 7 (Ceremonial Order/White Magic): Ritual, order, and the application of spiritual principles in daily life.

The seven-pointed star could represent the integration of all seven rays into the individual's spiritual journey, where each point represents a different path or aspect of divine energy, working together to bring about personal transformation.

The seven-pointed star may be interpreted as symbolizing the seven planes, representing the soul's journey through each level of existence, from physical, emotional, and mental planes to the spiritual realms. Each of the points on the star might be viewed as representing one of the seven chakras, which correspond to different stages of personal and spiritual growth. The energy from each chakra interacts, leading to greater integration and balance within the individual.

The seven-pointed star is mastery of the Earth plane, while the eight-pointed star is balance in Higher Evolution (beyond the Earth plane). The eight-pointed star is the

What is Cosmic Astral Plane? The next octave according to Ra in the Law of One (8th density). The journey continues after Earth (4th through 7th densities in the Law of One) until the Cosmic Astral Plane, which is effectively another universe. Here is an image of the Cosmic Physical Plane, which is before the Cosmic Astral Plane. Basically in my understanding, the Solar System is 4th and 5th densities- Soul plane, and the Galaxy is another (5th and 6th density- which includes Sirius- Oversoul Plane- Plane of the Higher Self). In the 7th density (God Plane) one can Stargate either at Sirius (University of Sirius) or in the Galactic Core (Council of 12 are guardians of this portal), or another unknown location- to the next Octave (Cosmic Astral Plane- which is another universe). See the Rainbow bridge in the Cosmic Physical Plane chart? That is the point of Ascension to the Spirit realms in Consciousness and then later form.
